Anatomies A Cultural History of the Human Body (Book) : Aldersey-Williams, Hugh : Combining science, history and culture, this guide to the human body explores every aspect of our anatomy from ancient body art to modern-day plastic surgery and discusses why some people are left-handed and why some cultures think the soul resides in the liver

### Anatomies (Book) | Alameda County Library | BiblioCommons

But Anatomies draws not just on medical science and Aldersey-Williams s reporting. It draws also on the works of philosophers, writers, and artists from throughout history. Aldersey-Williams delves into our shared cultural heritage Shakespeare to Frankenstein, Rembrandt to 2001: A Space Odyssey to reveal how attitudes toward the human body are as varied as human history, as he explains the origins and legacy of tattooing, shrunken heads, bloodletting, fingerprinting, X-rays, and more.
