Even in America, 1.95 million people have no access to an indoor toilet. Yet the subject remains unmentionable. The Big Necessity takes aim at the taboo, revealing everything that matters about how people do—and don't—deal with their own waste. Moving from the deep underground sewers of Paris, London, and New York—an infrastructure disaster waiting to happen—to an Indian slum where ten toilets are shared by 60,000 people, Rose George stops along the way to explore the potential ...
