The Politics of International Economic Relations The purpose of the essay is to draw out the conceptual differences of Liberalism, Realism and Marxism. Each author stands for different approach among the three readings. Deundey and Ikenberry are liberals, Gilpin researches for Realism, David Harvey is a typical scholar of Marxism.

The Politics of International Economic Relations Essay ...

The only hope for peace and harmony in the international system therefore, is for politics to be isolated from economics and for the natural and harmonious processes of free trade to operate among nations. As a result, International Political Economy has been fragmented into international politics and international economics.

The Politics of International Economic Relations

Political economy is the integration of political and economic factors in our analysis of modern society. Inasmuch as just about everyone would agree that politics and economics are intricately and irretrievably interwoven—politics affects the economy and the economy affects politics—this approach seems natural.

The Political Economy of Economic Policy - IMF F&D

International political economy. International political economy studies problems that arise from or are affected by the interaction of international politics, international economics, and different social systems (e.g., capitalism and socialism) and societal groups (e.g., farmers at the local level, different ethnic groups in a country, immigrants in a region such as the European Union, and the poor who exist transnationally in all countries).
