When you have a car accident there are a few keys things you need to do to make sure you are protected. First, always stop if you are involved in an accident, this is your legal obligation. Even if you do not think there was any damage, any time you collide with something, you need to stop your car.

### What Should You Do After a Car Accident? Checklist

Last year, when I passed Sandra Markle's book, What If You Had Animal Hair!?, at our school's book fair, I knew I had to have it, and I knew exactly how I wanted to use it. Our class had been studying animal adaptations and this book was a perfect way for students to think about how certain animals' adaptations could be "adapted" to their own lives.
